FRONTEND DEVELOPER (REACTJS & NEXTJS)

Experienced Frontend Developer with expertise in JavaScript, TypeScript, React.js, and Next.js. Proven track record in crafting dynamic and responsive user interfaces. Skilled in collaborative problem-solving, delivering clean and scalable code. Proficient in responsive design, unit testing, and debugging. A proactive communicator, I stay updated on industry trends, bringing technical expertise and adaptability to dynamic development teams.

KEY SKILLS

HTML	CSS	Javascript & Typescript
ReactJs	NextJs	Redux & Redux-Toolkit
Material-UI & Tailwind CSS	Excellent communication skills	Exceptional organisational skills

PROFESSIONAL EXPERIENCE

Webknot Technologies Pvt Ltd   **June 2022 - Present**

SDE-1 (Frontend Developer)
Played a pivotal role in creating and maintaining dynamic web applications. I was responsible for translating design concepts into responsive and functional interfaces using React.js and Next.js. Collaborating closely with UX/UI designers, I implemented and optimized features, ensuring a seamless user experience. Additionally, I actively participated in code reviews, debugging, and performance optimization efforts. My contributions helped enhance the overall quality of the product and fostered a collaborative development environment. I also guided and lead a team of 3 interns for couple of projects.

Aditya Birla Group   **June 2022 - June 2023**

Product Engineer (Frontend Developer)
I was working with onsite client i.e ABG as a Product Engineer . I created and also collaborated with other senior developers and managers to develop analytical applications and developed customized dashboards for various businesses of Aditya Birla Group such as Ultratech, Hindalco and Fashion, meticulously aligning them with stakeholder needs. This strategic approach not only optimized decision-making processes but also resulted in substantial cost savings, contributing to a remarkable 200 crores in overall savings for various businesses within the Aditya Birla Group.
