Professional Summary

A final year engineering undergrad at Savitribai Phule Pune University. I'm majoring in Information Technology and I'm interested in web developement and seeking exciting opportunities related to the same. Having an experience as an intern at an early stage start-up I have repeatedly been exposed to new technologies and challenges. This has made me able to quickly adapt to changes and gain a broader perspective. I'm always curious about things and enjoy learning. I like to solve problems and fix errors. I am detail oriented person and I keep my goals and tasks organized to maintain productivity. I believe that the skills I have attained in dynamic environment and competitive university life define me and I'm looking forward to implementing and polishing in any opportunity that I receive.

Educational Background

Savitribai Phule Pune University
PCET's Nutan Maharashtra
Institute Of Engineering & Tech.
Bachelor Of Engineering
(Information Technology)
2018-2022

Maharashtra State Board
BJS High School & Jr College, Pimpri.
HSC (Science)
2018

Maharashtra State Board
BJS High School & Jr College, Pimpri.
SSC
2016

Work Experience

Internship
Creatosaurus - Stories Matter !
Full Stack Developer (MERN)
Pune
March 2021- September 2021

- Worked on multiple clients projects with tight deadlines.
- Helped senior developers to manage day to day tasks.
- Involved in building some modules for companies own product.

Skills and Proficiences

- **Programming Langauges -** Python, Javascript, TypeScript, HTML, CSS, Basic Data Structures & Algorithms.
- **Databases -** MySQL, MongoDB.
- **Frameworks/Technologies -** Bootstrap, ReactJs, ExpressJs, NodeJs, Redux.
- **Tools-** Git, Github, Postman, VS Code.

Personal Projects

AI Powered News App
This is one of my most advance project. In this project I created a news app using NEWS API. I implemented voice search and auto reading of news by a voice assistant using Alan AI Api. We can search news by categories like sports, entertainment, technology, etc.
Tech stack - React, Material-UI, Alan AI API and NEWS API.

JWT Authentication Sysytem
In this project I implemented user registration and login system using jwt tokens. I have also applied authenticaton to sensitive/main Api of the website for security.
Tech stack - Html, Css, Javascript, MongoDB, Node.js, Express.js
